

Socio-Economic Profile By District Punjab 2019-20

Bureau of Statistics
Planning & Development Board
Government of the Punjab

PREFACE

The data on socio-economic indicators is essential for better planning to achieve equitable and sustainable human and economic development. The socio-economic profile for the districts of Punjab is a key source of data on many vital indicators related to health, education, water & sanitation, agriculture, industry and transport sectors. BoS has been preparing this profile since 1999-2000 on annual basis.

The profile contains statistical tables in which data for the relevant district and the province is presented. This profile gives a good base for comparing each district with the province as a whole and provides basis for future planning in order to cope up with any regional disparities in both human & economic development.

In the present edition, data for the year 2019-20 has been incorporated.

I appreciate the conduct and devotion of the, team of Coordination, involved in this exercise. The effort of Mr. Shamas Ul Huda, Deputy Director, for drafting this report is highly eulogized.

(Ch. SAJID RASUL)
Director General

Editorial Board

Ch. Sajid Rasul	Director General
Mr. Shamas-UI-Huda	Deputy Director
Mr. Muhammad Naeem	Statistical Officer
Ms. Ayesha Imtiaz	Statistical Officer
Ms. Uzma Arshad Mughal	Statistical Officer

Dissemination Team

Mr. Mahboob Baig	Statistical Assistant
