PREFACE

Statistical data has a vital role to keep an eye on the way of progress and to highlight the gaps. Sindh Bureau of Statistics has been collecting, compiling and disseminating statistical information through its regular publications.

The current publication “Health Profile of Sindh District wise” is nineteenth profile published by Sindh Bureau of Statistics about health sector.

It contains latest available information of health facilities covering institutions with bed capacity, medical & Para-medical staff, Leprosy clinics, Maternity homes, Homeopathic dispensaries, Trauma centers, Unani Shifa khana, Urban Health Centers and oral polio vaccination district wise. This profile also covers number of indoor & outdoor patients and population served by a doctor & nurse, district wise.

The cooperation extended by Director General, Health Services, Hyderabad for providing health data is gratefully acknowledged.

I am very hopeful that data contained in this profile will be useful for Administrators, Planners, Policy makers, Research Scholars and those concerned with health sector.

I want to place on record the efforts made by Mr. Muhammad Hanif, Deputy Director, Social Statistics Section, and his team who completed the task.

Suggestions for further improvement will be highly appreciated.

Dated: June 2017

Dr. NASIM-UL-GHANI SAHITO
DIRECTOR GENERAL
