

**PEW RESEARCH CENTER'S AMERICAN TRENDS PANEL  
WAVE 72 AUGUST SURVEY  
AUGUST 3–16, 2020<sup>1</sup>**

Wave 72 is the 2020 ATP Annual Profile Survey. The questionnaire featured mainly demographic questions but also some substantive questions used in public reporting. This document shows all the questions asked. The public use dataset contains only the substantive questions and not the demographic profile questions. The raw profile questions (e.g., year of birth) are not released under the Center's procedures for protecting individual panelists from being identified. Demographic variables, some of which have been coarsened (e.g., age categories), are regularly included in ATP datasets.
