NO QUESTIONS 1-4

¹ In the Aug. 25-Sept. 6, 2010 survey, a wording experiment was conducted with one half of respondents asked the question wording shown above, the other half was asked: "Some people seem to follow what's going on in government and public affairs most of the time, whether there's an election or not. Others aren't that interested. Would you say you follow what's going on in government and public affairs ...?" No significant differences were found between questions and the combined results are shown above. All survey prior to Sept. 2010 used the longer question wording.
