AUGUST 2025

**MONTHLY SURVEY OF INDUSTRIAL
PRODUCTION & EMPLOYMENT IN THE PUNJAB**

BUREAU OF STATISTICS

Planning & Development Board
Government of the Punjab, Lahore
www.bos.gop.pk

PREFACE

Bureau of statistics has been issuing this Monthly Survey of Industrial Production and Employment Report since October 1972. This report provides important statistics in respect of industrial production & employment, employment cost and other aspects of manufacturing activities e.g. consumption of raw material, export of industrial products, import of raw material and productivity of labour etc. These statistics are pre-requisite for sound economic planning as well as for measuring the performance/growth of the industrial sector (GDP estimates regarding industrial sector).

This report contains statistics regarding 46 important industries, manufacturing about almost selected items, contributing 72% of the total value added of large scale manufacturing sector in the province. This report covers more than 2000 industrial units from all over the Punjab.

This report gives information regarding General Index as compared to base period 2005-06, and comprehensive analytical note over the current status of the industrial growth at different sectors. Tables of production & employment give comparisons with the previous month and the same month of the previous year as well as comparisons among financial periods. Performance analysis of 13 major items pertaining to detailed tables & graphical explanation is given in this report.

All possible efforts have been made to incorporate the latest available data in this report. It is hoped that this report will be useful to the policy makers, planners, researchers and other users of industrial/economic data in public as well as private sector.

Suggestions for further improvements will be welcomed.

(MUHAMMAD ALI AMMER)
Director General
Bureau of Statistics,
Government of the Punjab

EXPLANATORY NOTE

To have current information on production, employment and other aspects of manufacturing activities e.g. consumption of raw material, wages/salaries, export of industrial products, imports of raw material and productivity of labour etc. for economic planning, evaluation of industrial development and taking other policy related decisions, Government of the Punjab had decided in October 1972 to undertake a Monthly Survey on Industrial Production and Employment.

Prior to this Survey, the only data available on Industrial Statistics was the results of Census of Manufacturing Industries (C.M.I) that were available with the time lag of 2-3 years with a question mark on very high rate of non- response. This high rate of non-response affected the consistency of the results. Therefore, these results were of little use for current and future planning except for historical, research and academic interests/purposes. So Monthly Survey of Industrial Production and Employment was considered to be suitable for Economic Planning as well as for measuring the performance/growth of the industrial sector.

Only 15 industries and their 113 factories were selected to cover initially in October 1972. This report now contains statistics regarding 46 important industries, manufacturing about 100 selected items, contributing 72% of the total value added of large scale manufacturing sector in the province based on base year 2005-06 and covers more than 2000 industrial units from all over the Punjab.

Questionnaire

Keeping in view the pre-determined purpose the data on Industrial Inputs (raw material), Outputs (finished products), Sales, exports, Stocks, Employment & Employment Cost etc. are designed on the available information from CMI returns. These Questionnaires have been pre-tested in some of the large units manufacturing the respective items.

Methodology

Basically it is a mail enquiry. The respondents are the factory owners or the factory management (i.e. Accountants, Finance Manager, and Mill Manager etc.) The blank questionnaires of various industries are used to be mailed out to the factories for their use for the supply of the required information every month. About 60% to 70% questionnaires are received through mail. While the remaining non-responding industrial units are visited by the officers/officials of this Bureau during the third week of the following month for collection of requisite information.

Editing

The received questionnaires are statistically examined for the accuracy and consistency by comparing the production and employment levels of the current month with previous month and same month of the last year. The information of the factories which could not be collected during the month due to the absence of the concerned person or due to other reason is estimated on the basis of the last months average production or the last month information is repeated.

Tabulation

The information collected is tabulated on working sheets prepared for this purpose and also on computer for each industry/factory. Seven tables are prepared every month on production, total employment and production workers as well as comparisons are made with respect to last month, with same month of the last year and among current & previous financial years.

General index / Quantum Index of Manufacturing (QIM)

At present Punjab Bureau of Statistics is computing Index on Industrial Production using 2005-06 as base year. Index series is given in this report by using Laspayer's Index since 2006-07.

This Bureau initially prepared Index Series using 1970-71 as base year. Later on the base year was shifted to 1980-81 & then in October 2011 the base year was sifted to 2005-06. Majority of some new items are included in the new index series due to their relative weight and some items were discarded due to their negligible weights.

Formula of Quantum Index

$$QIM = \frac{\sum_{i=1}^n \frac{q_{im}}{q_{io}} w_i}{\sum_{i=1}^n w_i} \times 100$$

q_{im} = Production of i^{th} item during the current month

q_{io} = Average Production of the same i^{th} item in the base period (2005-06).

w_i = Weight of the i^{th} item in the base year (2005-06).

$\sum w_i$ = total weight of 46 large scale industries in the base period with respect to the total value added of all the industries covered in CMI in the base year (2005-06).

Final Product

Final product is a CIS report that contains QIM series, analytical note on the performance of Industrial Sector in the province, seven tables, and detailed performance report of some important industries as well.

User Agencies

- i. Ministry of Industries & Production, Government of the Pakistan, Islamabad.
- ii. Pakistan Bureau of Statistics, Government of Pakistan, Islamabad.
- iii. Provincial Bureaus of Statistics, Government of Sindh, KPK and Baluchistan.
- iv. Planning & Development Board, Government of the Punjab.
- v. Punjab Economic Research Institute (PERI).
- vi. Department of Commerce & Industry, Government of the Punjab.
- vii. State Bank of Pakistan

IMPORTANT DEFINITIONS

Factory

An entity where manufacturing process is carried out on any day of the preceding thirty days and in any part of which manufacturing process is being carried on with or without the aid of power or through chemical process. It does not include the Mine subject which comes under the operation of Mines Act 1923.

Large Scale Manufacturing Industries

Establishments where ten or more employees are working are classified as large scale industry.

Employment

This item include all full time and part time employees on the payrolls of operating manufacturing establishment during any part of the pay period of the month specified on the questionnaire. It should include all the employees on paid sick leave paid holidays, and paid vacations. Proprietors and partners of unincorporated business may not be included.

Production Workers

The “Production Workers” includes workers (up through the line-supervisor level) engaged in fabricating, processing, assembling, inspecting, receiving, storing, handling, packing, warehousing, shipping (but no delivering), maintenance, repair, product development, auxiliary production for plant’s own use (e.g., power plant). Record keeping and other services closely associated with these production operations at the establishment covered by the report.

Non-Production Workers

The employees those are not involved directly in the manufacturing process are called non-production workers. E.g. Managers, Assistants, Clerks, Drivers, Peons, Malies and Chowkidars etc.

Employment Cost

Wages and salaries of all employees including production and non-production workers is called employment cost.

TABLE 1: GENERAL INDEX OF INDUSTRIAL PRODUCTION

ANALYTICAL ANALYSIS

INDUSTRIAL PRODUCTION AND EMPLOYMENT (August 2025)

Coverage

This report covers 2029 industrial units pertaining to large scale industries which contribute about 72 percent of the total value added of Large-Scale Manufacturing sector in the Punjab.

Industrial Production Index

Industrial Production Index for the month of August-2025 stood at 153.3 against 163.5 and 156.7 as compared to July-2025 and August-2024 respectively. Index Series since July-2019 is given in Table-1 on previous page.

Production August 2025 VS July 2025 (Table-2)

Overall production during the month of August -2025 was 6.1 percent lower than July-2025

The production was lower in case of Dairy Products (35.6%), Soft Drinks & Juices (9.5%), Electric Fans (5.3%) and Air-Conditioners (19.1%).

The production was higher in case of Fertilizers (6.7%), Fabricated Metal Products/HMC (6.7%) and Tractors (13.6%).

Production August 2025 VS August 2024 (Table-3)

Overall production during August-2025 was 2.1 percent lower than August-2024.

The production was lower in case of Dairy Products (27.5%), Cotton/M. M Blended Yarn (7.5%), Cloth/M. M Blended Cloth (7.4%), Upper Leather (5.5%), Basic Inorganic Chemicals/Acids (33.8%), Automobiles Cars/Trucks (8.5%), Electric Meters (10.3%) and Air-Conditioners (11.8%).

The production was higher in case of Wheat Milling (10.0%), Cigarettes (39.0%), Paper & Paper Board (8.3%), Pharmaceuticals (9.3%), Fertilizers (15.8%), Petroleum Products (10.5%), Cement (5.8%), Tractors (11.6%), Bicycles (6.3%), Electric Fans (8.3%), Electric Motors (28.6%) and Refrigerators/Deep Freezers (23.7%).

Production July-August 2025-26 VS July-August 2024-25 (Table-4)

Overall production during July-August (2025-26) was 2.0 percent higher than July-August

The production was lower in case of Cloth/M.M Blended Yarn (7.7%), Cloth/M. M Blended Cloth (7.8%), Jute Textiles (12.0%), Basic Inorganic Chemicals/Acids (32.4%), Automobiles Cars/Trucks (8.3%), Electric Meters (9.5%) and Air-Conditioners (14.1%).

The production was higher in case of Wheat Milling (10.2%), Cigarettes (44.6%), Paper & Paper Board (14.0%), Pharmaceuticals (9.7%), Fertilizers (11.6%), Petroleum Products (6.9%), Cement (8.7%), Bicycles (6.2%), Electric Fans (6.3%), Electric Motors (27.3%) and Refrigerators/Deep Freezers (24.2%).

Employment August 2025 VS July 2025 and August 2024 (Table-4)

Total employment during August-2025 was 0.1 percent and 0.4 percent lower than July-2025 and August-2024 respectively.

Average Employment July-August 2025-26 VS July-August 2024-25 (Table-7)

Average monthly employment during the period of July-August (2025-26) was 0.6 percent lower than the corresponding period of the previous year.

Table 2: Production Volume of Selected Items Pertaining to Large-Scale Manufacturing Sector, August 2025 VS July 2025

Group/Items	No. of Units Covered in Aug: 2025	Weight with 2005-06 base	Unit of Quantity	Production		Index of Production in Aug: 2025 with Jul: 2025
