INTRODUCTION AND CONSENT

Asalum-o-Alaikum My name is _____. I am working with National Institute of Population Studies. We are conducting a survey about health all over Pakistan. The information we collect will help the government to plan health services. Your household is selected for the survey. I would like to ask you some questions about your household. The questions usually take about 15 to 20 minutes. All of the answers you give will be confidential and will not be shared with anyone other than members of our survey team. You don't have to be in the survey, but we hope you will agree to answer the questions since your views are important. If I ask you any question you don't want to answer, just let me know and I will go on to the next question or you can stop the interview at any time. In case you need more information about the survey, you may contact the person listed on this card.

Do you have any questions?

May I begin the interview now?
